

The new Cordless tools made in Europe: Strong problem solvers for craft and industry – for professional use!

Cordless Angle Polisher WP/A

The mobile version of our already proven corded tool for more flexibility when polishing, cleaning, rust removal and adding the "finishing touches" after varnishing.

With plenty of accessories such as: Foam backing pad Ø 50 mm with hook and loop fastening, polishing sponge (medium hard), lambswool polishing disc, polishing felt (medium hard), 12 sanding discs K 2000, two-stage SONAX polishing emulsion for refurbishing paintwork (2x 25ml), as well as a microfibre cloth. Set includes lithium-ion battery Li/A2 (10.8V) and rapid battery charger LG/A2.

The WP/A is top-quality and its performance is comparable to our mains-powered counterparts. For outdoor jobs or if an extension lead needs to be used, this tool is very utile.

Technical data:

10.8V DC. Spindle speeds 1,100 - 2,800rpm. Length 305mm (12"). Weight 950g (2 lbs) (including battery).

NO 39 820

Cordless Angle Polisher WP/A

Including accessories as described above, but without battery and rapid charger. Packed in a cardboard box.

NO 29 822

Video WP/A

- High quality 10.8V lithium-ion battery with 2.6Ah for highest performance.
- One battery charge allows for at least 30 minutes of use even at maximum power. No other cordless tool lasts longer in this class!
- Gear head of die-cast aluminium. Main housing of glass-fibre reinforced POLYAMIDE with soft component in grip area.
- With continuously variable speed control and special balanced DC motor: powerful, quiet and durable.

The WP/A comes safely packed in a practical, attractive and super-sturdy plastic case made from high-quality PP. A product label on the side of the case details its contents.

The MICROMOT lithium-ion battery system: One battery and one rapid charger for four professional tools:

Four power tools - one system!

Rapid Battery Charger LG/A2

Charges the PROXXON lithium-ion battery Li/A2 in one hour. With integrated temperature control. LED signal light: Yellow = charging, Green = charged.

Technical data:

Input 100 - 120V AC, 50/60Hz. Output 12.6V, 2A. Weight approx. 340g (0.75 lbs).

NO 39 880

Lithium-ion Battery Li/A2

For long and durable powerful operation of our MICROMOT cordless tools. With integrated temperature control for safe operation.

Technical data:

Voltage 10.8V. Capacity 2.6Ah. Length 85mm. Weight 180g (0.4 lbs).
