

A precision device for fine sanding work and minor material correction. Variable speed 1150 - 3600 rpm.

Disc Sander TG 125/E

- ❶ Suction channel with adapter to connect a vacuum cleaner.
- ❷ 5" (125 mm) sanding disc. Adhesive sanding discs can be easily removed after use.
- ❸ Table can be adjusted to incline 50° downward and 10° upward. With miter gage and c-clamp for horizontal and vertical clamping.

For all types of wood, steel, non-ferrous and precious metals, plastics (also Plexiglas and fiber glass).

Powerful, vibration-free running due to a powerful and balanced DC motor. Housing made of fiber glass reinforced POLYAMID. Aluminum table, adjustable to incline 50° downward and 10° upward; with miter gage. Sanding disc with affixed silicon film. This surface ensures easy removal of self-adhesive sandpaper. Two additional square silicon sheets ensure that used discs can be stored and reused as necessary. Can be mounted horizontally and vertically to a table or workbench with the included c-clamp.

Also includes an adapter to attach a vacuum cleaner for dust free working, as well as 2 each sanding discs 80, 150 and 240 grit.
